

To ensure the safety of our staff, the driver must comply with the following rules:

- Position the truck at the loading dock safely, following our staff's instructions
- Hand over the key to the staff once the truck is positioned; it will be stored in a designated box
- Place the safety wheel chock; if unavailable, inform our staff to provide one
- Open the truck tarp if required
- The driver must exit the vehicle safely, wear a high-visibility vest, and wait in the designated area
- The driver must not secure the load with straps until loading/unloading is completed
- The maximum permitted speed within our premises is 10 km/h

We appreciate your cooperation
